*"Tokyo Ghoul: Dark War" is an officially licensed game based on the dark fantasy series created by Sui Ishida.*

## **GAME OVERVIEW**

"Tokyo Ghoul: Dark War" is a free-to-play mobile game based on the hit anime and manga series, *Tokyo Ghoul*. Players can form squads composed of their favorite Ghoul, Human, and Hybrid characters, then fight their way through a robust single player campaign or challenge other players in multiple exciting PvP modes. "Tokyo Ghoul: Dark War" features real-time, 3D action RPG gameplay, delivering the feel of a full hand-held game to your Apple or Android device.

## **KEY FEATURES**

- **ALL YOUR FAVORITES** – Players will be able to collect a wide variety of their favorite characters from the series.
- **CREATE YOUR SQUAD** – Choose from over 50 characters to create your ultimate dream team. Ghouls and humans can fight side by side on the same team as you strive to build the strongest combinations!
- **CREATE BONDS** – Forge special bonds between certain characters to increase their power. With over 50 characters to choose from, what bonds will you form to strengthen your team?
- **ANIME FEEL** – With art and animations approved by the creators of "*Tokyo Ghoul*", fans will feel like they're reliving the anime!
- **UTILIZE STRATEGY** – Squad combinations, character bonds and skills will help determine who wins, and who loses. Players must use their best strategies in order to defeat their enemies.
- **MULTIPLE GAMEPLAY MODES** – A variety of gameplay modes will ensure that players will have plenty to do, whether it's clearing special event stages, completing story modes, or competing in challenges.
